Faces so foreign, we have come a long way.
Daily interactions with teachers and receiving constant support
Have moulded us into becoming better students.
There were days we felt the darkest
And there were days we felt the brightest;
These are the days we will cherish the most.
As the years go by, we hope to grow closer.
Lifting up each other's spirits,
Wiping away tears and fears;
Standing together as one.**

The struggles you experience today will develop the strength and tenacity you need for tomorrow. May you always have the patience and courage to keep striving and doing your best.

We'll never know what we can do until we do it. Life will push us down hard, but we always get up stronger.

All the best 4.2 !

*Ms Eileen Ee, Mdm Nurul Huda

Throughout our secondary school experiences, we have failed and fallen but learnt from these challenges. We grew together as one and pulled through many situations. The fruit that was borne from these experiences has made us closer as a class. Through all our hardships, we have learnt to appreciate one another. The blissful moments that we shared have taught us inclusiveness and have strengthened our understanding of one another. We would like to thank Ms Eileen Ee, Ms Nurul Huda and Mr Quek Joo Siah for guiding us throughout these years. Our time in school may have come to an end but our memories will always remain in our hearts. This will be a bittersweet farewell. Thank you, 4.2, for the wonderful journey!

Parting is such sweet sorrow – but we know this has to be for we must move on. We are pleased that in the short time, we have played a part in your growing up. Remember the friendships you have fostered, the lessons you have learnt, and the memories you have made! Give your best in whatever you do and things will work out in the end – they always do. Be a responsible individual with a positive attitude. Once you replace negative thoughts with positive ones, you will start having positive results.

Ms Davora Lim, Mrs Natalie Lian, Mr Jimmy Choo

4 years have passed and we have come a long way. Thank you, Teachers, for guiding us. Thank you all for the fun and fond memories. We will do our best to make SACSS proud wherever we are.

In the years to come, you may forget some of the formulae, theories and frameworks that you have learnt during your lessons but we hope you will always remember the life lessons that you were taught in SACSS. The can-do spirit, other-centredness, resilience, responsible individuality and inquiring mind are the important qualities you should embody throughout your life. Do lend a helping hand to those in need. Remember to treasure relationships because it takes a lot of effort to build one. Lastly, do not forget to be HUMAN.

Ms Jasveen Kaur, Mr Kevan Lee

The four years we have spent in this school have been part of a really memorable journey. We have developed meaningful friendships that have enriched us. The bonds we have with each other in class have remained strong through thick and thin. We have also been privileged to have been nurtured by caring teachers. We are thankful for the lessons that will sustain us in our next phase of life.

We hope that you have learnt many life lessons as an SACSS student and that you will go on to learn even more in the future. The process of growing up might be challenging, but these experiences ultimately shape you into a better person. Education is a life-long process. Be a person with gratitude and not a person with attitude. Impress others not with money or social status, but instead with your drive, attitude and a voracity for life. All the best in the future! Thank you for allowing us to be a part of your life in education.
